

Xitanium 38W LT 0.9A 42V 230V

TAKTON

Benefits:

- High reliability underpinned by 5 year warranty
- Assurance of camera-friendly performance
- Optimized performance at specific output current setting
- Enable simple approbation process to luminaires
- Low output current tolerance
- Long lifetime 50,000 hours lifetime
- Low ripple output current (1%)

TECHNICAL DATA

Rated input voltage	220-240 V
Rated input frequency range	50-60 Hz
Power factor	0.9
Efficiency	88
Isolation input to output	SELV
Output voltage	30-42 V
Output current	0.9 A
Output current tolerance	8 %
Output current ripple LF	<1 %
Output power	27-37.8 W
Article number	9290 021 71280
Packaging, ctn	60
Weight per pcs	128 gramm
